

CHECKLIST OF LI MUSHROOM SPECIES ©2006 LIMC

AGARICUS	__ rubescens	__ *hortonii	CHROOGOMPHUS	__ lactea	ENTOLOMA	__ + mesophaeum grp
__ abruptibulbus	__ sinicoflava	__ inedulis	__ vinicolor	__ tenera	__ abortivum	HELVELLA
__ arvensis	__ spreta	__ illudens	CLAVARIA	COPRINUS	__ + griseum	__ acetabulum
__ augustus	__ *tephrea	__ longicurvipes	(L.) <i>pine-needle</i>	__ atramentarius	__ *lividum	__ ! leucomelaena
__ bitorquis	__ subsolitaria	__ luridiformis	__ ! vermicularis	__ comatus	__ murrain	__ macropus
__ campestris	__ vaginata	__ luridus	CLAVARIADELPHUS	__ ! cinereus	__ salmoneum	__ sulcata
__ hemorrhoidarius	__ +vaginata v. alba	__ ornaticipes	__ truncatus	__ disseminatus	__ + sericeum	HEMITRICHIA
__ micromegathus	__ virosa group	__ pallidoroseus	__ pistillaris	__ lagopides	__ strictus	__ *calyculata
__ placomyces	__ volvata	__ pallidus	CLAVULINA	__ lagopus	__ ! (Nolanea) verna	HERICIAM
__ pocillator	__ +volvata v. elongata	__ parasiticus	__ cinerea	__ micaceus	EXIDIA	__ *erinaceus
__ porphyrocephalus	__ #N27	__ projectellus	__ cristata	__ plicatilis	__ glandulosa	HOENBUEHELIA
__ silvaticus	__ #41 ("pseudovolvata")	__ pseudosensibilis	CLAVICORONA	__ + radiatus	FAVOLUS	__ ! atrocaerulea
__ silvicola	__ + #53	__ pulverulentus	__ pyxidata	CORDYCEPS	__ alveolaris/Polyporus	__ petaloides
AGROCYBE	APIOSPORINA	__ reticulatus	CLAVULINOPSIS	__ capitata	__ mori	HYDNELLUM
__ acericola	__ morbosa	__ roseopurpureus	__ fusiformis	__ ophioglossoides	FISTULINA	__ *peckii
__ dura	ARCYRIA	__ + reticulatus	__ ! laeticolor/pulchra	CORTINARIUS	__ hepatica	__ scrobiculatum
__ + erebia	__ denudata	__ ! roxanne	CLIMACODON	__ armillatus	FLAMMULINA	__ v.zonatum
__ pediades	ARMILLARIA	__ + rubellus	__ septentrionale	__ alboviolaecous	__ velutipes	HYDNOCHAETE
__ praecox group	__ *gallica	__ rubricitrinus	CLITOCYBE	__ argentatus	FOMES	__ olivaceum
ALEURIA	__ mellea	__ *sensibilis	__ !candicans	__ *collinitus	__ fomentarius	HYDNUM/SARCODON
__ aurantia	__ ostoyae	__ separans	__ clavipes	__ corrugatus	__ pinicola	__ ! albidum
ALBATRELLUS	__ tabescens	__ spadicus	__ dealbata	__ +glandicolor grp	__ rimosus	__ imbricatum
__ ovinus	ASCOCORYNE	__ subcerulescens	__ *eccentrica	__ iodes	FULIGO	__ repandum
AMANITA	__ cylichnium	__ subglabripes	__ ectypoides /Omphalina	__ *obliquus	__ septica	__ *umbilicatum
__ *abrupta	ASTEROPHORA	__ subluridellus	__ ectypoides	__ + luteus	GALERINA	HYGROPHOROPSIS
__ brunnescens var. alba	__ lycoperdoides	__ parasiticus	__ *fasciculata	__ lilacina	__ autumnalis	__ aurantiaca
__ brunnescens	ASTRAEUS	__ subtomentosus	__ fragrans	__ +mucifluus	__ ! tibiicystis	HYGROCYBE
__ v.brunnescens	__ hygrometricus	__ subvelutipes	__ gibba	__ sanguineus	GALIELLA	__ laeta
__ canescens	AURICULARIA	__ varipes	__ Iglaucozana	__ semisanguineus	__ *rufa	__ psittacina
__ chlorinosma	__ auricula	BONDARZEWIA	__ *inversa/flaccida	__ traganus	GANODERMA	HYGROPHORUS
__ ! cinereopannosa	BANKERA	__ berkeleyii	__ irina	__ + vibratilis	__ applanatum	__ agathosmos
__ citrina group	__ violescens	BULGARIA	__ odora	__ violaceus	__ lucidum	__ * cantherellus
__ citrina v. lavendula	BISPORELLA	__ *iniquians	__ subconnexa	CRATERELLUS	__ tsugae	__ * chrysodon
__ ceciliae	__ citrina	CALVATIA	__ trullaeformis	__ cornucopioides	GEASTRUM	__ conicus
__ cokeri	BJERKANDERA	__ craniformis	CLITOPILUS	__ fallax	__ pectinatum	__ eburneus
__ crenulata	__ adusta	__ cyathiformis	__ prunulus	CREPIDOTUS	GLOEPHYLLUM	__ erubescens
__ ! crocea	BOLBITIUS	__ gigantea	COLLYBIA/GYMNOPUS	__ applanatus	__ sepium	__ hypothejus
__ ! daucipes	__ variicolor	CALOCERA	__ acervata	__ mollis	GOMPHUS	__ * hypothejus v. aureus
__ + excelsa v. alba	__ vitellinus	__ + cornea	__ ! alkalivirens	CRINIPPELLIS	__ kaufmanii	__ * laurae
__ flaviconia	BOLETELLUS	CALOSTOMA	__ ! biformis	__ stipitaria	GRIFOLA	__ marginatus
__ flavorubescens	__ russellii	__ cinnabarina	__ confluens	CRYPTOPORUS	__ frondosa	__ miniatus.
__ frostiana	BOLETUS	CANTHERELLULA	__ dichrous	__ volvatus	GYMNOPILUS	__ minutulus
__ fulva	__ affinis v. affinis	__ umbonata	__ dryophila	CRUCIBULUM	__ luteus	__ perplexus
__ gemmata	__ affinis v. maculata	CANTHERELLUS	__ ! dysodes	__ iaeve	__ penetrans	__ pratensis
__ jacksonii (Amer. caesar)	__ appendiculatus	__ cibarius	__ iocephala	CYATHUS	__ ! sapineus	__ * readii
__ longipes	__ auripes	__ cinnabarinus	__ iuxurians	__ striatus	__ spectabilis.	__ russula
__ magnivelaris	__ auriporus	__ ignicolor	__ spongiosus	CYSTODERMA	GYRODON/	__ ! sordidus
__ multisquamosa	__ badius	__ minor	__ subnuda	__ amianthinum	BOLETINELLUS	HYMENOCHAETE
__ muscaria v. alba	__ bicolor	tubaeformis	COLLYBIA/	__ granulosum	__ merulioides	__ tabacina
__ muscaria v. formosa	__ !bicolor v subreticulatus	CERATIOMYXA	RHODOCOLLYBIA	DACRYMYCES	GYROMITRA	HYPHOLOMA
__ muscaria v. persicina	__ calopus	__ fruticulosa	__ butyracea	__ palmatus	__ + esculenta	(Naematoloma)
__ onusta	__ campestris	CHALCIPORUS	__ lentinoides	DAEDALEA	GYROPORUS	__ capnoides
__ ! pantherina v. velutipes	__ chrysenteron	__ pseudorubinellus	__ maculata	__ quercina	__ castaneus	__ fasciculare
__ ! pantherina v. multi-	__ edulis	CHEIMONOPHYLLUM	COLTRICIA	DAEDALEOPSIS	__ cyanescens	__ sublateritium
__ squamosa	__ erythropus	__ candidissimus	__ cinnamomea	__ confragosa	HAPALOPILUS	HYPOMYCES
__ peckiana	__ floridanus	CHLOROCIBORIA	__ + montagnei	DACROSPINAX	__ nidulans	__ chrysospermus
__ phalloides	__ fratermus	__ aeruginescens	__ perennis	__ + spathularia	HEBELOMA	__ hyalinus
__ polypyraxis	__ frostii	CHLOROPHYLLUM	CONOCYBE	DALDINIA	__ colvinii	__ luteovirens
__ *rhopalopus	__ griseus	__ molybdites	__ + filiaris	__ concentrica	__ crustuliniforme	HYPOXYLON

___ + cohaerens	___ betulina	___ angusticeps	PHYLLOPORUS	___ amoenolens	SPONGIPELLIS	___ resplendens
INOCYBE	LEOTIA	___ elata	___ rhodoxanthus	___ ! barlae	___ + pachydon	___ saponaceum
___ caesariata	___ lubrica	___ esculenta	PHYLLOTOPSIS	___ bicolorss	SERPULA	* sejunctum
___ fastigiata	___ viscosa	___ semilibera	___ nidulans	___ brevipes	___ lachrymans	* serratifolium
___ fuscodisca	LEPIOTA	MUTINUS	___ subnidulans	___ claroflava	STECCHERINUM	___ subsplendens
___ ! geophylla	___ ! acutesquamosa /	___ caninus	PIPTOPORUS	___ compacta	___ ! ochraceum	___ sulphurescens
___ lacera	Cystolepiota aspera	___ elegans	___ betulinus	___ crustosa	___ ! pulcherrimum	___ terreum
___ lanuginosa	___ americana group	MYCENA	PISOLITHUS	___ cyanoxantha	STEMONITIS	___ virgatum
___ ! sororia	___ cepaestipes	___ + copiosa	___ tinctorius	___ dissimulans	___ + axifera	TRICHOLOMOPSIS
INONOTUS	___ cristata	___ ! corticola	PLEUROTUS	___ emetica	___ splendens	___ decora
___ hispidus	___ fragillissima	___ epiptyrgia	___ cornucopiae	___ flavida	STEREUM	___ ! formosa
IRPEX	___ lutea/Leucocoprinus	___ * epiptyrgia v. lignicola	___ ostreatus	___ + flavissicans	___ complicatum	___ rutilans
___ iacteus	___ birnbaumii	___ galericulata	___ populinus	___ fragrantissima	___ ostrea	TUBARIA
ISCHNODERMA	___ rubrotinctus	___ * griseoviridis	PLICATUROPISIS	___ foetentula	___ + striatum	___ furfuracea
___ resinosum	LEPISTA	___ haematopus	___ + crispa	___ fragilis	STROBILOMYCES	TUBIFERA ferruginosa
LACCARIA	___ nuda	___ inclinata	PLUTEUS	___ * fragiloides	___ confusus	TYLOPILUS
___ amethystina	LEUCOAGARICUS	___ pura	___ cervinus	___ fucosa	___ ! dryophilus	___ alboater
___ laccata	___ naucina	___ ! rosella	___ longistriatus	___ heterophylla	___ floccoparia	___ appalachiensis
___ ochropurpura	LEUCOPAXILLUS	NEOLECTA	___ pexasatus	___ hibbardae	STROPHARIA	___ badiceps
___ trullisata	___ albissimus	___ irregularis	PODOSTROMA	___ hydrophila	___ hardii	___ balouii
LACTARIUS	___ glganteus	NIDULA	___ ! alutaceum	___ laurocerasi	___ rugosoannulata	___ chromapes
___ * atroviridis	LYCOGALA	___ candida	POLYPORUS	___ iutea	___ semiglobata	___ felleus
___ aquifluus	___ epidendron	OMPHALOTUS	___ brumalis	___ melliolens	SUILLUS	___ ! ferrugineus
___ camphoratus	LYCOPERDON	___ olearius	___ elegans	___ mariae	___ americanus	___ indecicus
___ corrugis	___ echinatum	PANELLUS	___ squamosus	___ * ochroleucoides	___ brevipes	___ plumboviolaceus
___ chrysorheus	___ molle	___ serotinus	___ varius	___ ornaticeps	___ castenellus	___ rubrobrunneus
___ deceptivus	___ perlatum (gemmatum)	___ stipticus	PSATHYRELLA	___ peckii	___ granulatus	___ sordidus
___ gerardi	___ pyriforme	PANEOLUS	___ candolleana	___ ! pectinatoides	___ grevillei	___ variobrunneus
___ hygrophoroides	LYOPHYLLUM	___ campanulatus	___ delineata	___ perlactea	___ luteus	___ ! violatinctus
___ indigo	___ connatum	___ foeniseccii	___ ! gracilis	___ + primavera	___ pictus	TYROMYCES/
___ lignyotus	___ decastes	___ ! retirugis	___ hydrophila	___ ! pulchra	___ subluteus	OLIGOPORUS
___ ! luteolus	___ multiforme	___ semiovatus	___ rugocephala	___ roseipes	SYZYGOSPORA	___ caesius
___ peckii	___ ! semitale	___ sphincterinus	___ velutina	___ rubescens	___ mycetophila	___ chioneus
___ * peckii v. glaucesans	MACROLEPIOTA	PAXILLUS	PSEUDOCLITOCYBE	___ rugulosa	THELEPHORA	___ fragilis
___ piperatus	___ gracilentata	___ atrotomentosus	___ *cyathiformis	___ + sericeonitens	___ ! palmatus	VOLVARIELLA
___ piperatus v. glaucesans	___ procera	PEZIZA	PSEUDOCOLUS	___ silvicola	___ terrestris	___ bombycina
___ * quietus v. incanus	___ rhacodes	___ badio-confusa	___ fusiformis	___ * stricta	TRAMETES	___ speciosa
___ subplinthogalus	MARASMIELLUS	___ repanda	PSILOCYBE	___ subochrophylla	___ elegans	XANTHOCOINIUM
___ subvellereus	___ + albuscortis	___ succosa	___ caerulipes	___ ! uncialis	___ + hirsuta	___ purpureum
___ vellereus	MARASMIUS	___ venosa/Disciotis v.	___ coprophila	___ variata	___ pubescens	___ straminium
___ vinaceorufescens	___ androsaceus	___ vesiculosa	___ cyanescens	___ ventricosipes	___ versicolor	XEROMPHALLINA
___ volemus	___ ! capillaris	PHAEOCOLLYBIA	___ montana	___ vinacea	TREMELLA	___ campanella
LAETIPORUS	___ cohaerans	PHAEOLUS	___ semilanceata	___ * vinosa	___ mesenterica	___ ! kaufmanii
___ sulphureus	___ + graminum	PHALLUS	PULVEROBOLETUS	___ virescens	TREMELLODON	XERULA (ODMANSIELLA)
___ cinninatus	___ nigrodiscus	___ impudicus	___ ravenelli	___ xerampalina	___ pallidum	___ furfuracea (radicata)
LECCINUM	___ oreades	___ ravenellii	PYCNOPORUS	SARCODONTIA	TRICHAPTUM	XYLARIA
___ albellum	___ rotula	PHELLODON	___ cinnibarinus	___ ! setosa	___ + abietinum	___ ! hypoxylon
___ aurantiacum	___ siccus	___ * niger v. alboniger	RAMARIA	SCHIZOPHYLLUM	___ biformis	___ polymorpha
___ griseum	___ scorodoniis	PHELLINUS	___ *formosa	___ commune	TRICHOGLOSSUM	XYLOBOLUS
___ holopus	MEGACOLLYBIA/	___ gilvus	RESUPINATUS	SCLERODERMA	___ ! hirsutum	___ frustulatus
___ insigne	TRICHOLOMOPSIS	PHLEBIA	___ applicatus	___ * bovista	TRICHOLOMA	
___ rugosiceps	___ platyphylla	___ + radiata	RICKENELLA	___ cepa	___ aestuans	
___ scabrum	MELANOLEUCA	PHOLIOTA	___ fibula	___ citrinum	*albatum	
___ snellii	___ alboflavida	___ aurivella	ROZITES	___ geaster/polyrhizon	___ flavovirens	
LENTARIA	___ melaleuca	___ flammans	___ caperata	SCUTELLINIA	___ caligatum	
___ micheneri	MELANOPHYLLUM	___ + limonella	RHIZINA	___ scutellata	___ flavobrunneum	
LENTINELLUS	___ * echinatum	___ + spumosa	___ undulata	SIMOCYBE	___ imbricatum	
___ ursinus	MERIPILUS	___ squarrosa	RHIZOPOGON	___ ! centunculus	___ myomyces	
LENTINUS	___ giganteus/sumstinei	___ squarrosoides	___ luteolus	SPARASSIS	___ niveipes	
___ strigosus	MERULIUS	___ ! veris	___ rubescens	___ crispa	___ pessundatum	
___ torulosus	___ tremellosus	RUSSULA	___ vernalis	___ herbstii	___ portentosum	
LENZITES	MORCHELLA sp	___ aeruginea			___ * pullum
